

key areas of investigation

## We are investigating:

- 1.0** How are environments made?
- 2.0** In what ways do I depend on plants?
- 3.0** If plants grow everywhere, why do some people starve?
- 4.0** How could it help people if we looked after the environment?

For a list of Key Learning Intentions to select from as a skill focus, please refer to the Appendix, or the Indicators of Achievement.
